

Orka Epoxid-Mörtel 2E915

Orka Epoxid-Mörtel 2E925*

*Orka Epoxid-Mörtel 2E925 is colored with Orka Pasta E, this is available in almost any Orka / RAL / NCS color.
Caution! The processing of the color paste in the Mörtel affects the final result due to the composition of the sand mix.

Coating options:

Orka Epoxy Sealer 2E112 (transparent, 2-component, glossy epoxy sealer coating to seal the Epoxid Mörtel)

Orka PU Coating 2WU013 (transparent, 2-component, water-based, matte polyurethane topcoat)

Orka PU Coating 2WU04 (transparent, 2-component, water-based, matte, extra strong polyurethane topcoat)

Colors on color chart may vary from original. Other color samples & customization on request.
